LOANS

MORRIS PLAN loans $200 and over are discounted at 6%. Smaller loans at slightly higher rates, payable in 50 weekly or 12 monthly installments. The borrower is required to secure the signatures of two friends who act as guaranters.

Collateral loans are discounted at 6%. Guarantors are not necessary on collateral loans.

INVESTMENTS

MORRIS PLAN 5% INVESTMENT CERTIFICATES are a safe, sound, practical 5% investment which is particularly attractive to Firms, Corporations, Lodges and other groups, as well as to the individual who appreciates stability and 5% return. These certificates are secured as to principal and interest by the entire assets of the corporation.

Superfluous Hair Removed by Electrolysis

OVER two score years ago, Dr. Mitchel, oculist, of St. Louis, evolved a method of using electricity for the permanent removal of ingrowing eyelashes. Soon after, his friend, Dr. Hardaway, conceived the idea of using this method for the removal of Superfluous Hair from the human face. Today, physicians everywhere, recommend this method as the only sure way of obtaining permanent relief from this annoying condition.

For thirty-five years this office has employed *this* method—*the* method discovered by one, and employed by ALL the old masters, the single electric needle process, in painlessly disposing of these disquieting blemishes *for all time.*

You are invited to phone, write or call for complete information and demonstration sitting without obligation.

A Life Insurance Policy

for as much as can be carried is a duty that the individual owes not only to himself and to his dependents but to his community. Men are beginning to realize that life insurance is the balance wheel of our machinery of production, the stabilizer of our system of credits, and the greatest incentive and stimulant to increased productive effort.

Individuals owe it to themselves to insure because they owe it to their dependents to provide for their needs after they themselves have gone. This is a duty that no man can escape. He owes it to his dependents to provide for their needs. He owes it to his community to insure that those he leaves will not become public charges.

Men of large estates owe it to themselves and their heirs and to insure so that there will be money on hand with which to pay inheritance taxes, to settle outstanding obligations, to provide money for necessary activities while the estates are in process of probate and for countless other needs for which money is often in demand before any is available from the estate itself.

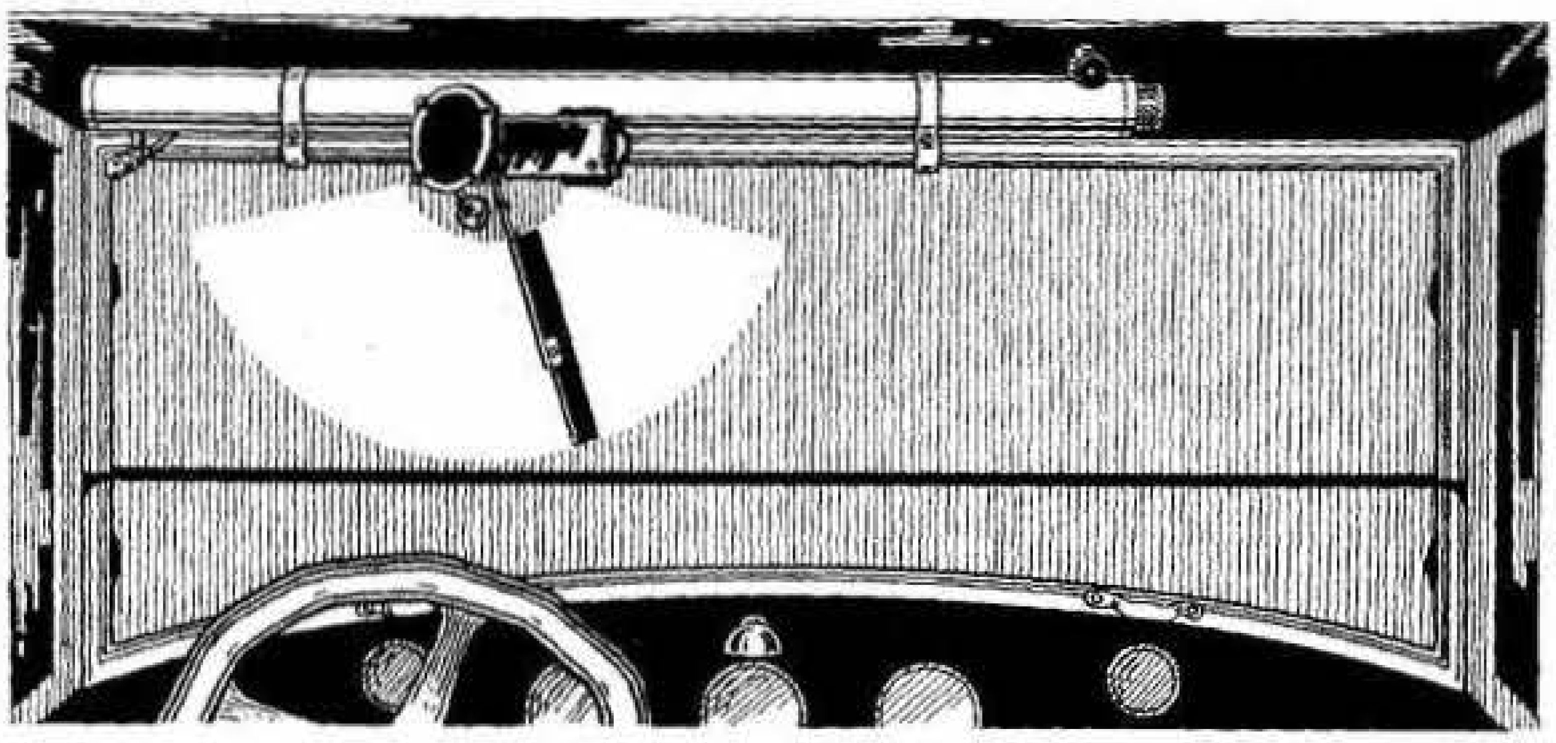
SLEET-OFF

TRADE MARK



For Winter Driving

Is there anything more discouraging and nerve-trying than to try to operate a car in a blinding sleet storm with your windshield thickly coated with a mass of snow and ice? You crawl along at a snails pace until you can go no farther and you are cold and blinded by trying to peep out around the side curtains. You try wiping your windshield with a cloth, no use. Now you search your pockets for a coin, to scrape the windshield, it removes it at last and you start once more only to find in a few minutes your troubles are not at an end. Next you try your cigar or bit of tobacco all with the same result and you have said many times "It does seem as though there ought to be **something** to cut that ice?" And **SLEET-OFF** has come to your assistance. You can now drive in comfort and laugh at the storm.

"Gangway for the Sulli-Van!"

(J. J. Sullivan's Monster Moving Van)

This efficient fleet of Sulli-Vans is the largest in New England outside of Boston, and the enormous Sulli-Vans are as familiar to the inhabitants of New York, Philadelphia, Washington and a score of other distant cities as they are to the people of Springfield themselves. "Gangway for the Sulli-Van!" is a catch phrase known from Atlanta to Portland. No town is too far away to be reached by a Sulli-Van.

DESCRIPTION

OF THE

ATTRACTIONS, ADVANTAGES, AND RESOURCES OF

SPRINGFIELD, MASSACHUSETTS

Third City in Population, Second in Assessed Valuation in Massachusetts.

FURNISHED BY THE

SPRINGFIELD CHAMBER OF COMMERCE, MASSACHUSETTS

Springfield is the center of a spider's web, with many lines of railroads leading to it. The city is 99 miles from Boston, 136 from New York City, and 103 from Albany, with many prosperous towns and cities lying in between. Many of the people living in these towns and cities patronize Springfield stores so that Springfield, with a population of 150,000 (estimated), is the trading center for 700,000. Railroads, trolleys, and good highways bring the trade to the city, and the stores and shops are always busy and prosperous.

SPRINGFIELD-THE CITY OF SERVICE

Springfield is the natural center of distribution for New England. It has been compared a great many times to Western cities in its being a live wire, and because of the energy and activity of its wide-awake citizens. One of the finest examples of their loyalty to the city is the Municipal Group which stands as a testimony to the generosity and civic pride of the citizens.

SPRINGFIELD IS FAMOUS

Springfield is famous as the home of the Springfield Armory, with its great history, both past and present. The Springfield Rifle is known throughout the world. Likewise Springfield has other world-wide known industries,such as the G. & C. Merriam Company, publishers of Webster's Dictionary; National Equipment Company, candy machine manufacturers; East Springfield branch of the Westinghouse Electric and Manufacturing Company, fractional horse-power motors, radio equipment; Indian Motocycle Co., manufacturers of Indian Motocycles; Wason Manufacturing Company, steam and electric cars; Kibbe Bros., confectionery manufacturers; Milton Bradley Company, kindergarten supplies and games; Handy Chocolate Company, manufacturers of sweet chocolate; Smith & Wesson, manufacturers of revolvers; and Rolls-Royce of America (a branch of the noted English firm) manufacturers of automobiles, a recent addition to Springfield's industries. Springfield is the home of skilled mechanics.

There are 540 industries, producing 385 different products, located in metropolitan Springfield. Invested manufacturing capital $190,000,000. Annual value of manufacturing produce over $225,000,000. Annual pay roll $50,000,000.

BEAUTY AND ATTRACTIONS OF THE CITY

Springfield is known as "The City of Homes," and rightly can claim this title from many other cities described in the same way, for the beautiful parks (951.96 acres) and boulevards in the city, with the stately homes under great trees, are indeed charming. Forest Park, given to the city through the munificence of E. H. Barney and many other generous citizens, with an area of 755.87 acres, is one of the finest public parks in the country. The drives in and around Springfield are many and beautiful.

THE HISTORY OF SPRINGFIELD

William Pynchon and a band of brave followers founded Springfield in 1636, and on May 14 the town was organized. The early days involved many vicissitudes with the Indians, picturesque incidents, and affairs of marked bravery. In 1647 a large addition was made to the territory of Springfield by the General Court so that the city included Westfield, Suffield, some of Southwick, West Springfield, Holyoke, Agawam, Chicopee, Enfield, Wilbraham, Somers, Ludlow, Longmeadow, and Hampden, but since then these have become independent cities and towns, although all were originally a part of Springfield.

In 1672 the village of Springfield was burned by Indians, but, Phoenix-like, arose.

In 1812 the southern part of Old Hampshire County was named Hampden and Springfield became a shire town. A Court House was erected in the town in 1821. On May 25, 1852, Springfield, with a population of 12,500, was incorporated as a city, and on May 25, 1886, the city celebrated its 250th anniversary; on May 25, 1911, in a delightful manner the 275th anniversary was likewise celebrated. The spirit of ancient and modern Springfield is embodied in the world-famous statue of Deacon Samuel Chapin, by Augustus Saint-Gaudens, which stands at the corner of Chestnut and State streets.

AS AN EDUCATIONAL CENTER

Springfield is noted as second to none in the excellence of its public schools. With three High Schools, a Vocational School, a large number of grade and private schools, also parochial schools, it maintains a high standard. There are 44 public schools in the city, including three High Schools and a Vocational School. The International Y. M. C. A. College and the American International College are also located in this city.

Like all New England cities it has many churches—65 churches and religious societies—and many noteworthy ones among them.

Springfield is the home of the Hampden County Improvement League, which was organized in 1913 by a committee of the Springfield Chamber of Commerce for the purpose of creating a better understanding between the business man and the farmer.

It is also the home of the Eastern States Agricultural and Industrial Exposition (another outgrowth of the Chamber of Commerce activities, organized in 1916) which organization has already gained a country-wide reputation. The attendance at the exposition of 1923 was 300,000.

BUILDINGS OF NOTE

Notable buildings in Springfield are: The Municipal Group; the Public Library; Springfield Art Museum; Museum of Natural History; Springfield State Armory; Massachusetts Mutual Life Insurance Company building; Springfield Fire and Marine Insurance Company building; Hall of Records; Union Trust Company building; the Third National Bank building; the new building of the Chapin National Bank and the Hampden Savings Bank; the Y. M. C. A. building; the three High School buildings; Stearns building; Hotel Kimball; the Bridgway Hotel; Colony Club, and the Myrick Building (the headquarters of the Springfield Chamber of Commerce and Convention Bureau); Masonic Temple and Farm bank buildings.

SOCIAL ADVANTAGES

The social advantages are many, and the club life is indeed delightful. There are various charities in this city which are very active. The Y. M. C. A. and the Y. W. C. A. occupy their own buildings; the Boys' Club, an institution offering social recreation to over 1,500 boys, is splendid for youthful exuberance; the Girls' Club, doing excellent work for the girls; the Womens' Club; the Nayasset Club, which is one of the leading men's clubs of New England; the Colony Club, which is located in the million dollar residence of the late D. B. Wesson; the Winthrop Club, and the Country Club, of Springfield, all housed in their own buildings; besides the Springfield Business Women's Club, the Rotary Club, Kiwanis Club, Publicity Club, Exchange Club, Lions and many other Clubs, literary and social, make the city a pleasant place in which to live as well as to work.

The proposed Americanization Council will co-ordinate the activities and be representative of the thirty units of Americanization service in the city, so that adequate co-operation may be rendered the City Government and its branches of service in this very important problem.

NEWSPAPERS AND OTHER PUBLICATIONS

The principal newspapers of Springfield are the *Springfield Republican*, with an international reputation; the *Springfield Union*, which is doing much towards the upbuilding of Springfield and western New England; and the *Springfield Daily News*. All of these papers are of a high grade, and the city is fortunate indeed in having them published here.

TRANSPORTATION FACILITIES

The transportation facilities of Springfield are excellent. Over two hundred trains a day enter and leave the city on the three lines of railroads which enter here, New York, New Haven and Hartford, Boston and Albany, and the Boston and Maine.

SPRINGFIELD CHAMBER OF COMMERCE

The Springfield Chamber of Commerce with a membership of 2,600 ranks with the principal commercial organizations in the United States. It has a national reputation, and is the only Chamber of Commerce which has acted upon all of U. S. Chamber of Commerce referenda. The executive staff is composed of a General Secretary and 5 associate secretaries and a clerical staff of 17 persons. Its activities include a well organized live Convention Bureau, Credit Reporting Bureau, Industrial Department and an active Retail Merchants' Association. It is located in the Myrick Building, where quarters are maintained on one third of the main floor and where a permanent exhibition of a number of Springfield's manufacturing industries may be seen. Address all inquiries for information to

BEN. A. HAPGOOD,
General Secretary.

GUARANTEED 99½% PERFECT

This book is as correct as our over one-half century of making directories can make it.

One hundred per cent perfection is our aim and ideal, but we are not fooling the public or ourselves that this has been attained.

Ever since Adam succumbed to Eve, perfection is *at least* one half of one per cent from "arrived".

To disprove our claim it would be only necessary for one to find at least *fifty* errors or omissions for every *ten thousand* names, over twenty years of age, in the alphabetical section, who have been residents of this community for at least one year prior to publication.

The first one who can accomplish this, and forward the same to our address, will receive the next publication gratis.

SPRINGFIELD STREET DIRECTORY

The Street Directory gives the location of each street and shows what other streets, avenues or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 306, right side, and Bridge street at No. 336, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.

"(1–A)" indicates marginal index for locating street on map.

The Shoe Store that Fits You When Others Fail

Forbes & Wallace

One of New England's Leading Department Stores

Forbes & Wallace is one of the institutions by which the city of Springfield is known to the world outside of New England. It is the 51 years old reputation as a modern store of progressive and steadfastly honest tendencies which makes Forbes & Wallace such a splendid representative establishment for this city.

Observatory Restaurants

* * *

THE Observatory Restaurants, combining excellent service, fine foods served in choice varieties and an exceptional situation on the spacious eighth floor of the building are possibly one of the most popular places in Springfield in which to entertain out-of-town guests.

You will be proud to show them the magnificent view of the Berkshires, the river and Memorial Bridge and you will be equally pleased with the delicious luncheons which you can order here.
